Medical.

Hoofland's German Bitters, AND HOOFLAND'S GERMAN TONIC.

The Great Remedies for all Diseases of the *LIVER, STOMACH, OR DIGESTIVE ORGANS.*

Hoofland's German Bitters

Is compounded of the purest Juices of Roots, Herbs and Barks, being a preparation, highly concentrated, and entirely free from alcoholic admixture of *any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

HOOFLAND'S GERMAN BITTERS.

Those who have no objection to the combination of the Bitters, as stated, will use

HOOFLAND'S GERMAN TONIC.

They are both equally good, and contain the same medicinal virtues. The choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to become functions deranged. The Liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his cure, purchasing only that which is known from investigations and inquiries possesses true merit, is skilfully compounded, is not a mere quack nostrum, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *Dr. C. M. JACKSON,*

PHILADELPHIA, PA

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited more humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Diseases of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever;

PROSTRATION OF THE SYSTEM,

induced by Severe Labor, Hardships, Exposure, Fevers, etc.

There is no medicine extant equal to these remedies in such cases. A trial will convince the most skeptical that the whole system is speedily strengthened, food is enjoyed, the complexion becomes clear and healthy, the whole frame is invigorated beyond anything you can imagine, the cheeks are given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the need of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, as either may suit their taste, a pleasant and agreeable stimulant, and tender strength to sustain the energies of the system, and give health and happiness to their declining years.

NOTICE.

It is a well-established fact that only one-half of the female portion of our population are seldom in the enjoyment of good health, or, in other words, are perfectly well. They are languid, devoid of all energy, feel extremely nervous, and have no appetite.

To those this use of the BITTERS, or the TONIC, is recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail. Thousands of certificates have accumulated in the hands of the proprietor, which can be seen at the office of location, or but a few. These it will be observed, are men of the highest standing in the community, whose names can be given for reference.

TESTIMONIALS.

HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania, writes:

Philadelphia, March 16, 1867.

"I feel that I can conscientiously say that Hoofland's German Bitters is a good tonic, useful in affections of the digestive organs, and of great benefit in cases of debility and of torpor of the action of the system.

Yours truly,

GEO. W. WOODWARD."

HON. JAMES THOMPSON,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 28, 1866:

"I consider Hoofland's German Bitters a *valuable* medicine in cases of acute irritation or Dyspepsia. I can certify this from my experience of its virtue, with respect.

JAMES THOMPSON."

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear conviction in various instances and particularly in my own family of the excellence of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a most valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who use it from the above causes.

Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates st.

FROM REV. E. D. FENDALL,

Assistant Editor Christian Chronicle, Philadelphia.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from disease arising from derangement of the liver.

Yours, truly,

E. D. FENDALL.

THE COPPERHEAD.

The best and bitterest political poem of the day, is the following, by John Hogly. It first appeared in the Bucyrus *Journal*:

Of all the factious men we've seen,
Existing now or long since dead,
No one was ever known so mean
As he we call a Copperhead;
A draft-evading Copperhead;
A robbing, plundering Copperhead;
A growling, slandering,
Scowling, pandering,
Vicious, State rights Copperhead.

From him the decencies of life,
And all its courtesies have fled:
He lives in foetid, factious strife,
A testy, touchy Copperhead;
A negro-fearing Copperhead;
A rebel-cheering Copperhead;
An unlearned, unlicked,
Oh spurned, oft whipped,
Doughfaced, cringing Copperhead.

When "Save the Union" was the cry,
And thousands for its sake died,
The Nation's right he would deny
To save itself—a Copperhead!
A Son of Liberty Copperhead;
A Golden Circle Copperhead;
A scheming, lying,
Screaming, dying,
Mean, Canadian Copperhead.

When Southern interests designed
Their helpless prisoners' blood to shed,
And Libby Prison murder-lined;
Who then approved? The Copperhead;
The soldier shooting Copperhead;
The patriot hooting Copperhead;
The war abusing,
Aid refusing,
Crime excusing Copperhead.

Who scoffed at Pillow's bloody fray,
And Andersonville's murdered dead?
Who victory's hour did long delay?
The traitorous, treacherous Copperhead.
The crime-creating Copperhead;
Assassinating Copperhead;
The strife exciting,
Wrath inviting,
Death delighting Copperhead.

When widows mourned their lonely lot,
And orphan children wept their dead,
Who said their pu-ds deserts they got?
The Northern rebel Copperhead;
The widow libeling Copperhead;
The grief deriding Copperhead;
The false, conspiring,
City firing,
Booth admiring Copperhead.

Nor woman's grief, nor orphan's tears,
Nor even a nation's honored dead,
Are sacred from the jibes and sneers,
Of every brutal Copperhead;
Each church traducing Copperhead;
Each preacher cursing Copperhead;
Each Union hating,
War creating,
Republicating Copperhead.

WHERE THE SOLDIERS STAND.

Our Democratic friends have not hesitated to claim the vote of the soldiers for Seymour, insure as it may appear. Incidents are occurring every day to show how false and slanderous is the charge that the men who fought for the Union have deserted their great leader to support a rebel sympathizer. There was one such at the reunion of the 10th Connecticut, at Savin Rock, Wednesday afternoon. About seventy-five officers and men were present. After dinner several of them were called to leave. Among them was Lieutenant Frank Otis, who lost an arm in order that he might engagements of the war. As he opened the door, he turned and wished all "a good bye to his old comrades. "I do not know," said he, "but I have a curiosity to know how the old 10th feels politically. We were called for a candidate vote, when every man rose and voted *For Ulysses and Grant.* When the unanimity appeared, there was a most exciting demonstration, and three hearty cheer was given for Grant and Colfax. Then "It's the same old fight," said Otis, as he waved his empty sleeve in the good humor.—*Hartford Post.*

THE New York *Sun* says the idea of Reverdy Johnson's withdrawal from the ticket, for the benefit of the Democracy, is one that has been entertained for several days past in the minds of prominent and active members of the party, whose names it is not at liberty to mention.

Watch the Polls!

WHO CAN VOTE?

We have ever reason to believe that the Copperheads are trying to colonize illegal voters in various parts of the county. Suspicion points to Union and the other townships in the lower End; and we hear of unknown men suddenly turning up in Hamiltonban. We suspect the same will be found true of Liberty and Franklin. Indeed, it is safe to say that this system of colonization is general.

Fraudulent naturalization papers are in existence, as the recent arrests in Philadelphia prove. WALLACE, Chairman of the Copperhead State Committee, is up to every species of rascality, and our friends should *be on their guard, at every poll.*

Here is the *law* on the subject of suffrage in Pennsylvania:

"To qualify a person to vote, it is necessary that he shall be white, of the age of twenty-one years or more.

2. Shall have resided in this Sate at least one year.

3. And in the election district where he offers to vote at least ten days immediately preceding the election.

4. And within two years have paid a State or County tax which shall have been assessed at least ten days before the election.

A citizen of the United States, who had previously been a qualified voter of this State, and removed therefrom and returned, and who shall have resided in the election district and paid taxes as foresaid, shall be entitled to vote after residing in this State six months; while white citizens of the United States, between the ages of twenty-one and twenty-two years, and having resided in this State one year and in the election district ten days, as aforesaid, shall be entitled to vote, although they shall not have paid taxes."

Besides these, persons who were convicted of desertion from the Army, are *not* voters.

Republican challengers should carefully watch the poll-list. Object to every unknown person, and *keep a record of them*, if voted, as the list may be useful after the election, in case of contest. KEEP THE POLLS PURE, and all will be well.

Organize for Victory!

Prepare a list of Union voters in each township, and have it at the polls. As each man votes, cross his name from the list.

Send a messenger after every man who has not voted by noon.

Have wagons to send for the sick, the the aged and infirm.

Give the whole day to your country.

How to Vote.

Three Tickets are to be voted.

One, containing the Associate Judge.

One, containing the names of State officers.

One, containing the names of District and County officers.

Each is to be put in a separate box.

TOM SWANN has been on the stump, at Harrisburg and elsewhere, for the Copperheads.

This bloody Know-Nothing has been fully forgiven and is in high standing in the Copperhead Church. If they can stand the companionship of this unprincipled trickster, *we are* glad to be rid of the nuisance.

"POLITICAL PREACHERS" are not offensive to Copperheads when they are on their side. In the adjoining District of Maryland they are running *Rev.* Patrick Hammill for Congress.

VOTE FOR CESSNA and loyal Reconstruction. KIMMELL is for uprooting Congressional Reconstruction, expelling the *seven States* already restored, and reviving the power of the Rebel leaders in the South.

IF YOU WANT a Commissioner who would never for a moment lose sight of the interests of the taxpayers, vote for JACOB G. BASEHOAR. He is an active and sagacious business man, and would manage our county affairs admirably.

CHOOSE between Col. WILLIAM DIXON the wounded soldier; and CALVIN M. DUNCAN, the substitute-broker.

One fought to save his country. The other traded on its necessities, to make money!

IF YOU WANT to make sure of a good Judge, vote for JOHN PICKING. He has large experience, and his character for honesty and integrity will stand the most rigid scrutiny.

IF YOU WANT a Director of the Poor who would strive to make the Poor House as light a burden as possible to the taxpayers of the county, vote for EPHRAIM D. NEWMAN. He conducts his own business economically and well, a good guarantee that he would conduct the public business the same way.

ONE DEBT OR TWO?

We are not only advocating the election of Grant and Harkranft because they are honest men and will carry out Republican principles, but we are also endeavoring to prevent the copperheads of the North saddling the country with the *Rebel War Debt* in addition to our own! That the Southern people have been promised a consolidation of the two debts by leading politicians, North and South, is not to be doubted. Indeed it is openly advocated by their editors. The Mobile *Tribune*, for instance, says:—

"*One of the first things we will ask will be the assumption of the confederate debt.* This is precluded by the amendments known as the 14th Article. *But the Democracy deny that this amendment has been legally adopted.* This, it may be said, is the result of the promise to Hampton, and is made as a guarantee of their good faith."

It is not surprising at all that many sensible Democrats in Adams county, as well as all over the country, are freely declaring for Grant against Seymour. Without the assistance of the Southern rebels the copperhead party can never have even a chance of success, and in order to get that assistance they will go to any length, even to the extent of paying for the powder and ball used in shooting Union soldiers! Union men of Adams county, think over this matter, and talk about it to your Democratic neighbors.

Pennsylvania the Battle-Ground.

Do our friends realize the importance of next Tuesday's Election? All the hopes of the Seymour and Blair party are staked on carrying Pennsylvania at the October election. Defeated next Tuesday—the dog's dead. Hence the unparalleled efforts being made by them to carry the election. Hence the free use of money contributed in New York and Baltimore. Hence the desperate determination to poll the deserter vote and corrupt the ballot box by colonizing voters and circulating fraudulent naturalization papers. But all will be of no avail if the friends of Grant and Colfax do their duty. To work, then, friends, and see that every vote is polled on Tuesday for the Republican State, Judicial and County Ticket. Remember, that a vote for HARTRANFT and CAMPBELL, CESSNA and DIXON, is a vote for GRANT and COLFAX. Push on the column. Press the enemy on all sides. *Pour in the hot shot. Charge along the whole line. Let there be no 'skulking'—no staying away from the polls at the first election next Tuesday.* PENNSYLVANIA IS THE BATTLE GROUND. *The victory is sure and certain if every good and true Republican comes up manfully to the work.*

Republicans Everywhere

Should be on the look out for fraudulent naturalization papers. One individual arrested in Philadelphia for some misdemeanor, was found to have twelve blank naturalization papers, having the seal of the Supreme Court of the State and the signature of the Prothonotary attached! These were intended to be filled with the names of some scoundrels who would render naturalization to the votes of an equal number of honest citizens.

There is no knowing to what extent these shameless frauds are contemplated. The Seymourites, hopeless of carrying the State on a fair vote, are evidently preparing to flood the State with fraudulent Naturalization papers, to be used wherever convenient. Republican challengers, keep a sharp look out at the Polls and challenge every suspicious voter! All we ask for is a fair, honest vote. Let us have it!

LATER.—THE FRAUD TO BE STOPPED.

Judges Read, Agnew and Williams (a majority of the Supreme Bench) have united in an opinion declaring the naturalizations in Philadelphia illegal, and will so rule as soon as the Court meets in Pittsburg. Judge Read says 6,018 naturalization papers were issued from the Court of Nisi Prius alone, from Sept. 14 to Oct. 3, mostly by *tipstaves*, besides 3,098 in the other Courts! As under the rules of the Court but one Judge (Sharswood in this case) preside at Nisi Prius, the other Judges are powerless at present, but will attend to the matter on the 19th, when the full Court meets.

CAL. DUNCAN, we understand, said at the Copperhead meeting at Arendtsville that he lost his seat in the Senate three years ago by the Committee counting some thirty votes which purported to have been cast in regiments then in Texas.

He knows, this was not true. No such returns were offered, and no such votes were considered, or counted. He was excluded, because he was found to have been elected by the votes of a lot of Copperhead deserters who had no right under the law, to vote.

DUNCAN should be ashamed to resort to direct falsehood, in order to create sympathy for himself. But he appears to be capable of descent to any depth.

CESSNA represents the Soldiers' demand that their labors shall not be in vain. KIMMELL represents the Rebel demand that they have forfeited no right by rebelling. He asserts that South Carolina, organized as a Rebel State, has equal rights with Pennsylvania. CESSNA holds that the conquering States have the inherent right to protect themselves by requiring adequate guaranties from the conquered States.

Whoever wishes to get guaranties for future peace, should vote for CESSNA and the Republican ticket.

THE COPPERHEAD STATE COMMITTEE make no concealment of their hope to carry the State by the deserters' vote and the dishonest use of naturalization papers, to which the seal of the Supreme Court and the signature of its Prothonotary have been fraudulently affixed.

What new villany will WALLACE devise and execute?

NOT more than one man in an average of sixteen, pays an Income Tax to the United States.

Copperheads want to level *down* the taxes of these rich people, and level up the taxes of the poor.

Vote the Republican ticket.

DO YOU want "Universal Taxation?" If so, vote for KIMMELL, whose platform is for taxing *every* species of property!

SOLDIERS OF THE RESERVE CORPS! Stand by your noble, battle-scarred comrade, DIXON.

DILL is an upstart. Vote for CHARLEY MILLER, the true man and the honest mechanic.

POLL every vote. Carry Pennsylvania, and save the Nation.

ANOTHER VICTORY!

CONNECTICUT WHEELS INTO LINE!

THE WORK GOES BRAVELY ON.

Connecticut held her usual town elections on Monday last, showing large Republican gains.

NORWICH, CT., October 5.—Returns from towns in the Third Congressional District show Republican gains.—Norwich gives 450 Republican majority, a gain of 210 on the last town election, and 150 over the election last spring. The Democratic majority in New London is reduced, and a part of the Republican ticket elected.

WATERBURY, CT., October 5.—The Democratic ticket for town officers was elected to-day by 250 majority, a Republican gain of 28 over last year.

HARTFORD, CT., October 5.—New Haven has elected the Democratic ticket by 917 majority, against 2,253 last spring, a Democratic loss of 1,336.—This loss will offset all Democratic gains made thus far, and leave a large margin.

Middletown, which went largely Democratic last year, elects a portion of the Republican ticket this year.

Meriden and other towns show large Republican gains and insure the State for GRANT and COLFAX next November.

HARTFORD, Oct. 7.—Official returns from 149 towns foot up as follows: Republicans, 83; Democrats, 59; divided 6. The Republican majority in the State will be about 3,000.

COUNTERFEIT "GREENBACKS."

We understand that one of the Copperhead counterfeit "greenbacks" was lately passed upon Dr. DILL at one of the "Copperhead meetings" in the county.

The Doctor ought to have been sharp enough to detect the imposition; but it no doubt consoles him to know that if he lost the dollar, he lost it as a result of Copperhead tampering with the National currency.

That is not the only dollar he'll find he has unwisely invested in this canvass.

WE are already reaping the fruits of Frank Blair's Revolutionary policy.—Last week we had the massacre of Unionists at Camilla, Georgia. To-day another wholesale massacre is reported in Louisiana. These massacres grow bolder and more atrocious day by day, and the parties ultimately responsible for them are Andrew Johnson and the Democratic party. Had Sheridan been left in Louisiana, where the people placed him, life would be safe there and property valuable. He was taken away by Johnson and replaced by a bread-and-butter satellite, and today murder reigns supreme—mob, massacre, and riot competing in infamous emulation. The only road to Peace, is in the election of Gen. GRANT. "Let us have Peace."

BY the resignation of the Hon. WILLIAM STRONG as one of the Judges of our Supreme Court, and the appointments of Hon. HENRY W. WILLIAMS as his successor, the Republicans secure three Judges (READ, AGNEW, and WILLIAMS), and the Democrats 2 (THOMPSON and SHARSWOOD.) Judge STRONG was a Democrat, but not being a Copperhead is for GRANT. The Copperhead papers are, of course, abusing him for resigning. He gave as his reason, inadequate compensation. His term would have expired in 1872. Judge WILLIAMS will hold the place till next fall, when an election will be held, under the law.

THE following is the vote of Pennsylvania at the elections held since 1860. In 1861 there was or State on Congressional ticket:

1860—GOVERNOR AND PRESIDENT.

Republican		Democratic	
Curtin	262,403	Foster	230,288
Lincoln	268,030	All others	208,412

1862—AUDITOR-GENERAL.

Cochran	215,616	Bleaker	219,140

1863—GOVERNOR.

Curtin	269,496	Woodward	254,171

1864—CONGRESS AND PRESIDENT.

Republican	274,574	Democratic	242,977
Lincoln	296,391	McClellan	276,316

1865—AUDITOR-GENERAL.

Hartranft	258,400	Davis	245,740

1866—GOVERNOR.

Geary	307,374	Clymer	290,096

1867—JUDGE OF THE SUPREME COURT.

Williams	266,724	Sharswood	267,746

In 1867 SHARSWOOD was elected by 922 majority in a light vote and with the aid of fraudulent "coffee" naturalization papers. Encouraged by their success in this line, the Copperheads are preparing to play the same game this fall. Colonization and shameless frauds are their only hope. We have an abiding faith that notwithstanding all, Pennsylvania will on Tuesday next elect HARTRANFT and CAMPBELL.

Do you want a courteous, faithful Prosecuting Attorney? Vote for AUGUSTUS J. COVER, who has been tried and proven a most acceptable officer.

VOTE for JOHN H. FLICKINGER for County Auditor, and you will have a competent Accountant to watch over your county finances.

OSCAR D. MCMILLAN is a practical Surveyor, a gallant soldier, and will make a capital County Surveyor.—Vote for him.

JACOB A. KITZMILLER gave an arm to his country. Let the people show their gratitude by electing him Prothonotary.

"What meat does this our Cæsar feed upon,
That he hath grown so great?"

DILL spurns honest labor—and casts contempt upon mechanics. Mark him at the polls—every man who loves his country.

HEAR gallant Phil. Sheridan: "EVERY MAN WHO LOVES HIS COUNTRY SHOULD VOTE FOR GRANT."

DILL'S friends are mortified to find that *he actually did say*, what was charged respecting CHARLEY MILLER, being a "poor blacksmith," and therefore not fit to run against him!

He deserves to be defeated, for entertaining so unmanly and shocking a sentiment. Let every working man remember this aristocratic *sham Democrat.*

Election on Tuesday next.

Dr. Dill on Capt. Miller.

"I am surprised that the Republicans have nominated against me such a man as Charley Miller. If I am to be defeated, I would rather be defeated by some other person than this poor blacksmith."

Every body in Petersburg says and believes that Dr. DILL used this expression. He also compared MILLER'S calibre to that of a certain mechanic's apprentice in Petersburg, intending manifestly to detract from the merits of both.

DILL, under "stress of weather," (for he is laboring in a "heavy sea,") undertakes to deny what every one there admits, and to pronounce them all "unmitigated liars."

We leave this part of the issue to the citizens of the York Springs District who can take care of themselves.

DR. DILL ON THE RAMPAGE.

Dr. DILL has been at last "smoked out." He appears to have been touched by our offer to publish any denial or explanation he had to make; and to have been impelled thereby to send us the subjoined letter, which we print exactly in the shape in which it stands.

We regret that he found it necessary to use so violent language towards citizens of Petersburg. We have never before allowed such abuse to appear in our columns, and would not now if it did not occur in Dr. DILL'S letter, which is as follows:

YORK SPRINGS, Oct. 5th 1868.

EDITORS STAR AND SENTINEL:—I have read a number of articles in your paper in which I am charged with speaking of my opponent as a "poor blacksmith." I will accept your honorable *offer* of the use of "your columns" to pronounce "these several residents of Petersburg," who have fully confirmed the charge preferred in a former issue, as unmitigated liars, destitute of principle, common decency, or any claim to respectability. And further more, pronounce *all* other charges made against me in your paper as utterly false; and destitute of any foundation in truth.

Charles G. Miller and myself have been intimate friends, and I respect him none the less for his occupation, nor for his being poor, as I am poor myself, depending entirely on my own individual exertions for a lively-hood. A. B. DILL.

The *violence* of this letter raises a doubt of the truth of this denial, and its terms are wholly inconsistent with the recent explanation in the *Compiler*. That paper admitted the use by Dr. DILL of the objectionable phraseology, but denied the bad motive. This letter denies altogether the use of the words! It looks as though a week's additional developments had created the necessity of this additonal denial; *and it has come.*

We do not know what persons Dr. DILL suspects of having confirmed to us the statement originally made by us; but, on a recent visit to Petersburg, we found it the general belief of the community, (as far as we could inquire and we took pains to inquire), that the charge was literally true. Now if all these gentlemen are, in Dr. Dill's language, "unmitigated liars," the sooner he leaves that community and finds one better suited to his high moral ideas, the better!

We have no desire to judge Dr. DILL harshly. But, in view of *all* the facts we have ascertained, and of the manifest change of position by Dr. DILL, from the date of the *Compiler's* explanation to the date of this letter, we are driven to the conclusion that the doctor has determined to "face the thing through," no matter how much brass or cheek it may require. It would have been more manly in him to admit the fact and throw himself upon the indulgence of the the community, than to outrage its sense of fairness and justice by unseemly and improper denunciation.

P. S.—Since writing the above, a number of prominent and respectable citizens from the York Springs district have called on us, re-affirming the correctness of the original statement made by us, and authorizing us to say that this statement can be proven by AFFIDAVITS of persons who heard Dr. DILL make the declarations.

KIMMELL had no sorrow for the assassinated LINCOLN. On the other hand, in a speech in Gettysburg, in October 1865, he substantially justified it, as he now practically justifies the murderous Ku-Klux organizations which are prevailing all over the South.

The Ku-Klux murderers would all vote for KIMMELL, if they could vote here. KIMMELL, if elected, would cooperate in Congress with the men the Ku-Kluxers will elect there, if they can.

Vote for CESSNA.

KIMMELL is for repudiating the XIVth Amendment which has been officially declared to have become a part of the Constitution. If this be done, the door will be open for the Rebels to demand compensation for their emancipated slaves, and the payment of the Rebel debt as the Texans a few years got the U. S. to assume payment of *their* debt.

The XIVth Amendment locks this door and secures the Nation. Elect CESSNA, and keep the *door locked.*

COUNTY EXPENSES are growing. The tendency is all to extravagance and waste. This comes of having purely *political* Boards and officers, who soon become a "ring" unto themselves, and "get all they can."

Break this up, by electing the Republican County Ticket. No better men were ever offered for the people's votes.

THESE ought to be at least one Republican on the Bench, and in the various County Boards, as a check upon favoritism, corruption, and extravagance.

Vote for JOHN BICKING for Associate Judge; JACOB G. BASEHOAR for Commissioner; EPHRAIM D. NEWMAN for Director; and JOHN H. FLICKINGER for Auditor. They are all first-class men: Let them be elected!

AT THE Copperhead meeting on Saturday next, EBON F. PILLSBURY of Maine and ELI P. NORTON of New York, are announced to speak. The latter may be expected to be very savage, as he was lately legislated out of his snug office, as Solicitor of the Court of Claims, by the "radical" Congress. The former knows how to talk to a party devoted to defeat, as he has been beaten for Governor of Maine "time out of mind." The "Pine Tree" patriots could not endorse his abominable anti-War, Copperhead record.

WHOEVER wishes to pay Southern Rebels for their Emancipated Slaves, should vote for KIMMELL. His party policy *invites this result.*

This would involve the payment of at least *twelve thousand million dollars* ($12,000,000,000.)

Whoever is opposed to this scheme of villany, should vote for CESSNA, and the Republican ticket.

COPPERHEAD ECONOMY!

JOHN T. HOFFMAN, Mayor of New York, has been speaking in Pennsylvania for the Copperheads. He was very effectually squelched by the publication of the figures which show that since he became Mayor, the expenses of New York city have risen from $16,850,767.88 in 1866, to $24,147,080.67 in 1868. The rate of expense has risen from $16.95 per head, to $24.14!

Since 1865, when there was a Republican Mayor, *the expenses have more than doubled.*

The taxes in Baltimore county are nearly *double* those of any previous year.

The taxation in Baltimore city is one-third higher than ever before; the number of employees of the City has been increased one-third; the police force has been almost doubled; and the city expenses are rapidly running up towards *ten millions a year!* The new City Hall, which responsible parties a year ago contracted to build for $850,000, will cost $1,600,000 to "Democratic" contractors to whom the contract, taken from the original parties, has lately been given.

Our own County expenses are rising. The latest dodge, in a small way, was by the Democratic Directors of the Poor, who wanted to buy a furnace for one of the Alms House buildings.—They sent for circulars, *but reading only confused their clear heads.* They inquired of those who use furnaces, *but the experience of others only misled them.* They wrote letters, *but the replies only clouded their understanding.* So it was considerately suggested by some one that the only way to buy a furnace was for *all the members of the Board to go to Brooklyn, New York, and select one in person!!!*

The thought struck the Directors as capital. The advantages of the trip were manifold—*to themselves personally.* And, then, would it not secure the county against imposition? So they went; the county paid all the expenses; and the important duty of selecting a furnace, was performed.

This trip was made *privately.* Very few knew of it. We would hardly have heard of it, but for an accidental circumstance.

We know that these modest gentlemen would prefer to keep this trip private; but we think it important that the tax-payers should know how there Directors of the Poor are spending their money in getting up pleasure-excursions to distant cities.

Which cost the more—the furnace; or the cost of buying it?

HON. JAMES BRADY, a prominent Democrat and leading lawyer of the New York bar, has come out for Grant.

VOTE FOR CESSNA and Peace. KIMMELL represents the Blair programme of Revolution and War.

SHALL rebels rule or not rule the country they tried so recently to destroy? This is the great question to be decided in November. Who doubts what the verdict of the American people will be?

"THE HOG THAT GETS INTO THE TROUGH."

The Pittsburgh *Commercial* tells of a gray-haired, farmer-looking man who heard FRANK BLAIR the other night in that city, and who said he didn't like him. A BLAIR man snappishly took exception to his remark and demanded his reason. The farmer replied:

"Did you ever do anything in the way of pork-raising?" replied the farmer-like looking man, coolly.

"No! What's that got to do with it?"

"Why, there is a good deal of human nature in hogs—or, rather, there is a great deal of hog in human nature. I have had a good deal of experience in pork raising, and I've noticed a great deal of difference among a litter of pigs. There are hundreds of sleek, fat, well fed pigs, that possess a spirit of self respect. They take their feed quietly, without any fuss, either holding their nose in the trough, or, taking a few mouthfulls out, munch away at it contentedly. But there never was a litter of pigs so well behaved and orderly but what you or I could pick *one* out of them that had no manners. *That's the one that gets into the trough!* Now, the Blair family may be a smart family, social in their way, and as full of fight as an egg of meat. In a *general* way, they may mean well to the Government, but from what I've seen and heard of them, I am satisfied that they are all alike in one respect. *Every one of the family is anxious to get into the trough!*"

THE WHITE BOYS IN GREY.

For whom will Robert E. Lee vote? For Seymour and Blair. For whom will Wade Hampton vote? For Seymour and Blair. For whom will General Beauregard vote? For Seymour and Blair. For whom will General Wise vote? For Seymour and Blair. For whom will General McCauslin vote? For Seymour and Blair. For whom will General Ewell vote? For Seymour and Blair. For whom will General Early vote? For Seymour and Blair. For whom will John H. Surratt vote? For Seymour and Blair. For whom would the murderer Wirz vote if he were living? For Seymour and Blair. For whom would the assassin Booth vote if he were living? For Seymour and Blair. For whom would Jeff Davis vote if he were permitted? For Seymour and Blair. For whom would every unrepentant rebel general and officer of the late confederacy vote if he were allowed to vote? For Seymour and Blair. For whom will every sympathizer with the rebellion vote? For Seymour and Blair. For whom will every draft skedaddler vote? For Seymour and Blair.—*Shippensburg (Pa.) News.*

KENTUCKY,

The Second Adventists are now holding a meeting in Janesville, Wis., and have concluded that the end of all things earthly will take place on the 1st of next October. The other day the preacher was very much annoyed by a Republican and Democrat on the outskirts of the meeting, discussing as to who would be the next President. The preacher approached them and said: "My dear friends, you are exciting yourselves unnecessarily and wasting precious time in speculating as to the future President of the United States, for before an earthly election takes place, our blessed Lord will be President everywhere." "I'll bet you $25," said the Democrat, "he can't carry Kentucky."

BLIND STAGGERS.—This plague continues its ravages among the horses of the lower district and in Dorchester. We have been unable to ascertain the names of the losers, but are credibly informed that they are many, especially in the vicinity of Federalsburg. It is currently reported here that 186 horses have died in the neighborhood of New Market from this disease.—*Denton (Md.) Union.*

THE TRUTH ABOUT TAXATION.

We clip the following from the Richmond *Whig*:

NEW TAXES.—We heard a citizen of Richmond haughtily remark yesterday that while he is so poor that he can only raise stamps to buy a peck of meal at a time, there is some consolation in knowing that he has nothing to tax, and hence pays no taxes. He seemed to forget that the corn from which his peck of meal is ground was grown on taxed land, plowed by a taxed plow, drawn by taxed horses hitched with taxed gears. It was hoed with a taxed hoe, cultivated with taxed implements, gathered with taxed wagon, drawn with taxed horses, thrown into a taxed crib, shelled on a taxed machine, measured in a taxed measure, taken in a taxed sack and ground at a taxed mill, sifted with a taxed sieve, mixed in a taxed pan, stirred with a taxed spoon, salted with taxed salt, put into a taxed bake pan, baked in a taxed stove, laid out on a taxed plate, cut with a taxed knife, and lastly eaten by a pretty heavily taxed man.

This properly describes the country *as it will be if the Democratic Policy of "Universal taxation" be carried out.*

But it is *not* true now. Under the laws of the United States, neither lands, nor horses, nor gears, nor implements, nor wagons, nor machines, nor measures, nor stoves nor any other things mentioned in the above paragraph, are taxed.

Virginia may, for local purposes tax them; but Virginia need not have done that *if Virginia had not rebelled and got into trouble, and debt.*

The Republican plan is to levy taxes on the luxuries of the rich, and let the poor go free. The necessaries of life all escape tax; and the money is raised off of liquor, tobacco, perfumery, licenses, stamps, Incomes over $1,000 a year, and a few like things.

CAL. DUNCAN spoke of clothing being taxed by the U. S. *This is not true.* If he doesn't know better, he isn't fit to go to the Senate. If he does know better and won't tell the truth, he isn't fit to go to the Senate.

RECEPTION OF MR. COLFAX AT LAFAYETTE, IND.

LAFAYETTE, IND., October 1.—The Republicans of the Seventh Congressional District held here to-day a mass meeting which, despite the exceedingly unfavorable weather, was a glorious success. Thirty thousand persons, ten thousand more than assembled at the Democratic State mass meeting at Indianapolis last Wednesday, were present, and the enormous attendance and unbounded enthusiasm of the crowd are hailed as certain evidence that Northern Indiana will roll up an unprecedented majority, and that the Republicans will sweep the State on the 13th of October. The procession which paraded the streets at noon was several miles long. After dinner assembled the largest meeting ever held in the district. Ex-Senator Lane presided, and introduced Horace Maynard, who made a splendid speech. Mr. Speaker Colfax arrived at 3.20 o'clock, and met with the most rapturous reception. He was immediately escorted to the stand, and made a very impressive speech. After enumerating the infamous outrages recently perpetrated in the South, Mr. Colfax said that these outrages could not but fill every American with burning shame, and that a stop must be put to them, and he declared from General Grant's own views that it was the first duty of an Executive to see to it that every Union man in the South should be protected. This statement, made, as it was, in the most emphatic manner, elicited thunders of applause. Mr. Colfax said also of the election of the Republican ticket: "I feel as certain as though the polls were counted already."

THE New York *"Freeman's Journal,"* and the *"Irish People,"* newspapers, both influential Irish organs, have abandoned *Seymour and Blair*, and say they cannot support that ticket. The Irish generally, throughout the country, say that they are not *owned* by the Copperheads, but intend to vote as they please—and a good many of them prefer Grant.

TWO New Haven men, one a Republican and the other a Democrat, have backed their respective candidates for the Presidency, the loser to walk to New York.—The New Haven *Courier* advises the Democrat to commence his trip immediately while the roads are in good order.

THE gallant General Thomas Egan, known as one of President Johnson's most intiment friends, has declared for Grant.

THE census of 1860 showed the population of the United States to have consisted of 26,375,843 whites and 1,441,730 blacks.

MRS. Lincoln and Sam Thaddeus have sailed for Europe.

FOREIGN.—Queen Isabella has issued a formal protest against the revolution in Spain. General Prime is said to be adverse to the establishment of a Republic in Spain.

It is rumored that a military and commercial treaty has been ratified between France and Holland.

Perfect order reigns in Madrid. In Barcelona the people sacked the town hall and burned a portrait of the ex-Queen.

A plot to dethrone the Sultan of Turkey has been discovered in Constantinople. A number of arrests have been made.

A CONTRACT for the construction of an underground railroad in New York has been concluded with two English engineers.

A REVOLT is current in London that the success of the Spanish revolution has induced France to make important concessions to Italy.

A MADRID dispatch announces the formation of a Provisional Government, at the head of which are Generals Serrano and Prim, as honorary Presidents. The principal men of the nation have given in their adhesion to the Provisional Government. The Junta, it is stated, will free the children of the blacks, in anticipation of the entire abolition of slavery in the colonies by the Cortes when it assembles.—Such a measure shows an advanced enlightenment that gives good hope of the revolutionary Government, and will attract toward it the sympathies of the humane and Christianized world.

ASSASSINATION.—A dispatch to a Pittsburg paper from Butler county, Pennsylvania, says a daughter of Mr. McCandless, of Unionville, was shot through the head, and killed instantly, while eating supper. The shot was fired through the window. A young man has been arrested for doing the deed. Jealously is supposed to be the cause of the assassination.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *free of charge.* Address

ANOTHER HORRIBLE MASSACRE OF UNIONISTS.

One Hundred Negroes Killed and Fifty Wounded—Total Destruction of the Union Paper of St. Landry.

NEW ORLEANS, Oct. 5.—Opelousas, in the parish of St. Landry, has been the scene of a horrible massacre of Unionists. According to the *Bulletin*, a violent rebel paper, there were one hundred negroes killed, and fifty wounded, and of the Democrats, so-called, none killed, but four wounded. The St. Landry *Progress*, a Union paper, has been totally destroyed, and the French editor is supposed to be murdered.

This evening's *Republican* publishes a letter from an eye witness, who states that last Monday three of the Seymour knights went to the residence of and severely whipped Mr. Bently editor of the *Progress*, and a prominent leader of the Republican party. Cause, alleged publication of an article to which they objected. News of the whipping of Bently rapidly spread, and the colored people commenced assembling, armed, but were prevailed on by Bently and others to return to their homes and keep quiet. The rebels then sent out armed patrols to the various plantations to disarm every Unionist, which they did, according to their own showing, killing one hundred and wounding fifty. Armed patrols of so-called Democrats still hold possession of the country.

This evening's *Times* publishes an account of an outrage at Shreveport, resulting in the killing of three Democrats and fifteen Republicans. There is every indication that between now and election day there will be a wholesale slaughter of Unionists throughout the State.

NEWS OF NEIGHBORING COUNTIES.

FRANKLIN.—Rev. Mr. Krebs, of Waynesboro', has accepted a call from the Reformed congregation at Allegheny, Pa.—The second Presbyterian church of Chambersburg has purchased from C. M. and A. Duncan the lot on Southwest corner of the diamond, Chambersburg, formerly occupied by the Mansion House, for $7,700.—Nicholas Uglow, aged 81, died in Hamilton township on the 28th ult.

YORK—Oscar Scott, son of the foreman of Machine Shops of the Northern Central Railroad, York, aged 16 years, was crushed to death on Saturday last, while attempting to couple some cars at the depot.—The new Moravian church in York, will be dedicated on the 18th.

WHEN the Georgia Legislature were considering the explusion of their colored members, one of the latter, in the course of a long and forcible speech said: "Now I will make the proposition to every member in this House that I will read the Bible in more languages than you can, if you will agree to leave the hall, or I will go out if you can read it in more languages than I can." The offer was not accepted, and of course he was expelled.

THE Secretary of War has received from General Meade a report in relation to the Camilla massacre. It will probably be published in a few days. It clearly establishes the fact that the whole affair was deliberately planned by the whites, and that the reports which have gained general circulation concerning the subsequent hunting down of colored men and similar atrocities really occurred as represented

WON'T THEIN WITH THE COPPERHEADS.—Gen. McClellan, who has just returned home from Europe, had the good sense to say to the Committee of Copperheads who urged him, that "he did not propose to actively engage in the pending political canvass."

SECRETARY SEWARD was asked a few days since to address a Seymour and Blair meeting. He said very emphatically that he did not intend to support those candidates, that he was a Republican, and intended to support Grant.

Special Notices.

WOMAN—FEMALES, OWING TO THE PECULIAR and important relations, which they sustain their peculiar organization, and the offices they perform, are subject to many sufferings. From these from three contribute in no small degree to their happiness and welfare, for none can be happy who are ill. Not only so, but no one of these, which the females complain to long be suffered to run on without inducing the general health of the individual, or are long producing permanent sickness and premature decline. It is therefore to consult a physician, for the relief of these various delicate ailments, and timely applied and urgent necessity will at the moment seem small like but greatest claims as trivial as. The sex will then thank me for placing in their hands simple remedy which will be found efficacious in relieving and curing specially to the sex.

HALEMAN'S EXTRACT OF BUCHU.—Humbles suffer not in silence, and hundreds of others apply daily to druggists and doctors, who either merely trifle with them with the hope of a cure or simply recommend what make them worse. I would not wish to assert any fallacy, but would do injustice to the afflicted, if I am obliged to say that although it may be produced from excessive exhaustion of the powers of life, by indiscretion, confinement, mercurial disease and fever, premature destruction, the use of tea and coffee, and frequent childbirth, it is far different from only direct irritation, applied to the mucous membrane of the vagina itself.

When reviewing the causes of these distressing complaints, it is not puzzled to contemplate the strange and evils consequent upon them. It is the simple picture of the sunken eye, dark circles around the eyes, and which, if neglected, too often terminates in the ruin of the mind, and happiness of many a family.

WINDFALLS.

This is just the time to prune currant bushes. Cut out all you think you ought to, and then cut out as much more. It is doubtful whether it is healthy to do much work in the morning on an empty stomach. If work must be done while the teams are feeding and breakfast is being prepared, a cup of coffee or milk before going out is a good thing.——Rich cheese feels soft under the pressure of the finger. That which is very strong is neither good nor healthy. To keep one that is cut, tie it in a cloth, put in a cool, dry place. If mould appears on it, wipe it off with a dry cloth.——Of food for flowers, *The Gardeners' Monthly* says: "Leaf mould is good for flowers if two or three years old, and very much decayed; when but half rotten it is an injury. Rotten sod is the best sod for flowers; and cow manure which has lain two years to rot, the best fertilizer. Where rotten sod is not easily obtained, the edging parings of walks may be preserved in a heap for flower purposes."——Nearly as much cream will rise in a pan with three inches depth of milk, as in a bucket of the same diameter with six inches of milk.——When a horse attempts to rear, hold the lines low and pull one of them sharply around, twisting his head from one side to the other until he forgets his rearing. *'The British Sportsman* vouches for this remedy.——A prominent New Jersey small fruit cultivist believes that in the course of twenty years he could raise strawberries as large as pineapples, and of equal delicacy with those now grown. Think of slicing up a strawberry.——The handiest way to tie a halter is to make first a single loop and then thrust the end of the halter through this loop. This is quickly united and will never come loose of itself. ——An exchange states that a piece of lard as large as a walnut, mixed with dough, will cause a hen to commence laying immediately after she has been broken up from setting; and by giving hens fat in this way, they may be kept laying all that winter.——The nearer the ground fruit trees put out their limbs the better. Some pruners do not know it.——The number of threshing machines in the country is set down at 225,000, and it is estimated that they save five per cent. more of the grain than the flail. This would save the country more than nineteen millions bushels of grain, worth at least thirty millions of dollars. Do labor-saving machines pay?——Wrinkled peas are said to be superior to and more delicate flavor than those which present a full and perfect form; like sugar-corn the saccharine matter which they contain causes them to shrivel when dried:——One of those people who are so useful at figures, says that for every three hundred and fifty bushels of potatoes removed from our fields, the soil sustains a loss of ninety-two pounds of potash. Consequently, wood ashes is one of the most valuable manures in the culture of the potato.——Handle cows gently if you don't want them to kick when being milked. They won't kick unless something hurts them or they fear something will.——Somebody—who loves children we will warrant —says that it is a bad practice to leave young cattle to take their chances among older cattle. The older ones will get the best picking, while they need it least. They will select the best shelter and warmest beds for themselves and leave the little ones to take the chances that are left.—*Chicago Advance.*

SCOLDING MOTHERS.

Nobody ever gains anything by scolding, unless it be bad nature, numerous enemies, and justly deserved opprobrium. A mother never accomplishes any good by keeping up a habit of fault-finding with her children; she alienates the little hearts from her, where they ought to cling closely and lovingly to their best friend. If she begins to scold, she must keep it up, and increase in frequency and volume, until stamping and bellowing and pounding follow in the train, and ugly, disobedient, saucy children make home a bedlam, fill the streets with rudeness, and the community with a class of youngsters who are rough and lawless; and will reflect no credit upon the State or the country.

I will tell that mother what to do; begin by love, and if you did not begin that way, try it now. Call Jamie to your side; wash and dress him up after dinner—keeping children neat and clean is a part of family government—then put off that frown, and put on a pleasant smile; speak to him kindly and win his confidence, take an interest in his plays, get down on the floor with him. Half the work of reform has been done, both to him and to yourself. The other half will be accomplished by keeping on in this way, and making *love* the ruling power, and trying very hard to let Jamie feel that you are very desirous of making him happy. Do not impose upon him unnecessary requirements; treat him like a man: be not only kind, but *courteous* to him. Don't try to break his will; but rather bend your own; don't crush his spirits, and treat him rudely, but be very careful not to wound his feelings, especially before strangers. Do not say, "go and do that," but "please do it," with a gratified smile. And my word for it you will put away fretting and scolding, and have less occasion to govern, and more to praise and be thankful for in the child. Children, old enough to speak, are old enough to appreciate a smile or a kind word, or parental solicitude for their happiness; and it is high time parents and children should consider themselves interested partners of the same firm, and not antagonists with no love and sympathy existing between the ruler and the ruled.

The Philadelphia *Bulletin* says that while General Grant was in the Cabinet an incident occurred which adds another proof of his worthiness for the highest honors of the Republic. At one of the Cabinet meetings Mr. Johnson was indulging in some of his characteristic self-glorifications over the "sacrifices" which he had made for the country, and one or more of his Cabinet joined in the same strain of self-praise.—General Grant said: "Well, gentlemen, so far as I am concerned, I have never made any sacrifices for the country. The country has always done more for me than I have done for it. I suppose I would be ready to make sacrifices, but I have never had the opportunity; and I think that, as a general rule, our public men get more from the country than they give to it."

The New York *Herald* says:

"The Union party of the war, challenged again upon the issues of 1864 and 1866, have rallied and are rallying, as under Lincoln, around the banner of Grant. This fact being apparent on all sides, the conclusion is inevitable that Grant must be triumphantly elected. Our financial and business men see that such is the drift of the popular tide, and in the record and character and conservative ideas of General Grant they feel that under him the interests of the people will be safe, that the Presidential election will be followed by nothing like a financial panic, nor by political chaos, but by better times, assured prosperity and a substantial peace."

The Revolution in Spain is rapidly ex ending, nearly all the leading cities having pronounced against the Queen with prominent Generals. In many places the army has gone over to the Revolutionists, whose purpose it is to give the crown to the Duke de Montpensier.

REAPERS & MOWERS.

HAVING been agent for this machine last season, I also offer it to the farmer this season. It is well known, having taken the premium at the Bendersville Fair, also at the Gettysburg Mowing Match over seven others, which were considered splendid machines, and likewise at the Dillsburg Mowing Match. Having concluded not to offer any machine that will not give entire satisfaction, I have refused agencies of several other machines, and now offer this one as

THE GREAT MACHINE OF THE SEASON.

Having tried one myself, I know exactly what it will do. I could refer you to scores of farmers who have purchased machines of me, who are highly pleased and say this is the only machine they want to use.

Extras always on hand, and repairing done here at my place. This is a great consideration—the machine can be repaired at home immediately, and with much less cost.

Another great saving is the BINDER which is attached to this celebrated Reaper and Mower. It has been thoroughly tried, and given entire satisfaction—requiring no harvest hand except a driver. This Binder can also be attached to the Reapers which have been sold; but cannot be attached to any other machine except Shireman's.

I will refer you to a few farmers, in different localities, who have bought and used the machines:

Michael Fiscel, Stephen Gettier,
Moses Hartman, Mr. Sterner,
Joseph Wiseman, Mr. Line,
Ulrich Jacobs, J. R. Hershey
Jacob Hartman, B. B. Woodhurst.
Jacob Lamon,

with others, too numerous to mention.

This machine has a self-rake, side delivery, and is warranted to do its work as above recommended.

Also on hand, SHIREMAN'S SELF-DISCHARGING HORSE RAKE, a first-rate article, which we will sell on the lowest possible price. Warranted to give satisfaction. Also the COLUMBIA RAKE always on hand.

Machines can be seen at my house, three miles south of Gettysburg, or at Mr. General Snyder's Battlefield Hotel. LEWIS A. BUSHMAN,

GEISER'S PATENT SELF-REGULATING

GRAIN SEPARATOR,

CLEANER AND BAGGER,

With the latest improved Triple-geared Horse Power, either Gear or Belt.

This machine has successfully competed with all the best of the different patented Grain Separators, and now has the reputation of being the best Separator ever produced; in fact, the only Separator and Cleaner before the public to give general satisfaction.

The machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half the trouble on a barn floor as a common thrasher and shaker. It is also easily put in operation. It is simple, easily managed, reliable, durable, compact and cleanly to work by while in operation not making near the dust as the common machine or other Separators.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farmers that are using these we have come to the conclusion that it is the very machine that farmers want.

The following are a few of the persons who have used this machine, well known, and to whom the public are referred for further information:
